
MEMORANDUM

To: Cedar Hollow Homeowners

From: Your Board of Directors

Date: May 11, 2021

RE: **CEDAR HOLLOW POOL INFORMATION**

Dear Cedar Hollow Homeowners:

Your Board of Directors have been working closely with Management and our attorney navigating the CDC and DPH guidelines while contemplating the opening of the community pool. This decision has been further complicated as our 50-year-old pool is being evaluated as to the amount of repair it will require in order to function and be opened this year. Our pool is currently leaking water at an alarming rate.

The pool will not be opened until we can get two things under control:

- In order to comply with CDC and DPH guidelines we lack the resources to be in compliance.
- We are working with Splash Pool on estimates/proposals for our skimmer(s) to be replaced and reviewing the current state of our tile.

Once we have ALL information and costs available, we will inform all unit owners and we will ALL decide as a community on the next steps. Until that time the Cedar Hollow pool will remain closed.

Please contact Imagineers with any questions or concerns.
